

SelectGlobal, LLC

Newsletter | March 2024

Welcome!

You are receiving this newsletter because you have either expressed an interest in SelectGlobal, LLC or are already working with SelectGlobal, LLC.

SelectGlobal, LLC Recent Activity:

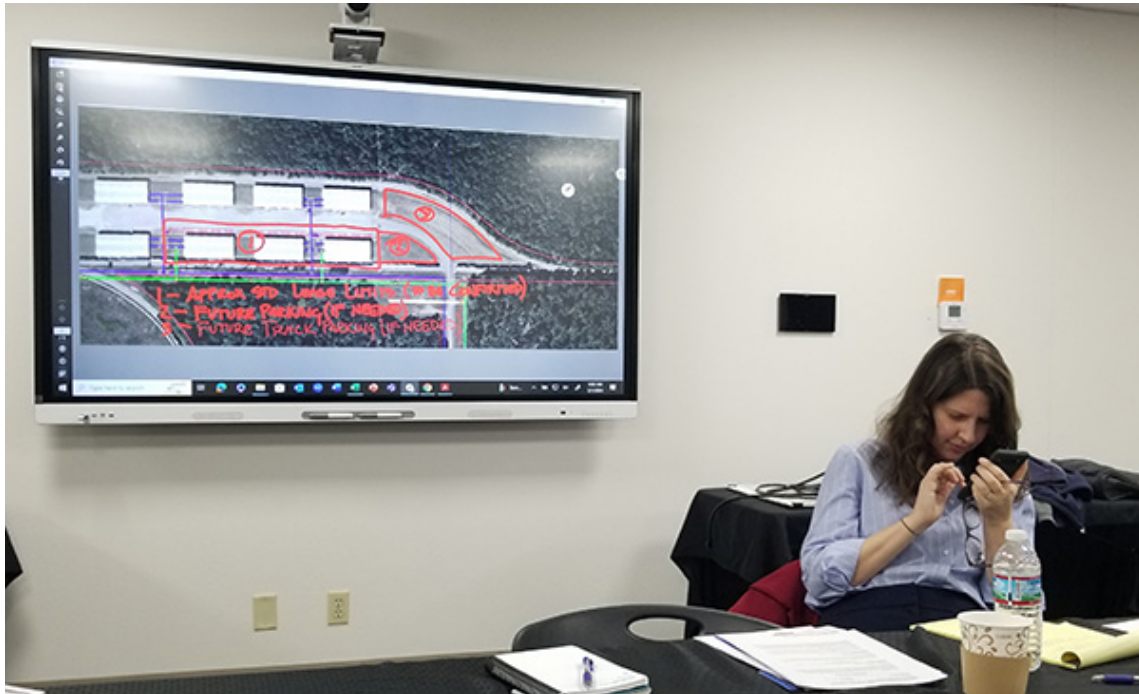

March 26, 2024

March has been an exhilarating month of global exploration and strategic engagements for us! Our journey took us from Texas, where we meticulously surveyed existing conditions for Project Daphne, to Berlin and Venice, signing an MOU for equipment procurement.

But the adventure didn't stop there! We joined industry leaders at LiveXchange in Richmond, Virginia, exchanging insights and forging invaluable connections. Additionally, our calendar was brimming with productive trade commissioner meetings, new prospect engagements, and entitlement discussions, amplifying our network and vision.

Project Updates

Project Daphne:

Site Selection and business consulting for an **energy related manufacturing facility**. Last month we narrowed the initial search to a few locations and also visited two more possible locations. We have started the due diligence on two primary sites. As part of our work, we have been researching and discussing local incentives, project phases, detailed site analysis, lease discussions, HVAC and other energy upgrades, and transformer availability as well as financing options.

While negotiations are ongoing, our NDA limits what we can say, but what we can tell you is that this project brings together the best of industry, community, and economic development wrapped in a favorable access to capital program blending both U.S. and international incentives.

We can't wait until we are allowed to tell you more!

Project Helen:

Project "Helen" aims to establish a **Solar Manufacturing and Technology Park**, fostering economic resilience by producing 51% Made in USA PV Solar Panels with domestic components. This initiative seeks to unite U.S. firms and global manufacturing expertise, mitigating logistic bottlenecks and reducing carbon footprint. The Park, with its 1.3 GW PV module facility, will host various manufacturing units, an Innovation Center, and community solar areas.

Sites meeting specified criteria, including acreage, infrastructure, and community ties, are sought, with preference for designated Energy Communities. Our client offers to be the Anchor Tenant, aiding in grants, government relations, and trade missions.

Familiarization tours to review candidate sites are slated for May 2024!

Project Melanie:

SelectGlobal, LLC has been asked to work with a premiere solar development firm to aid them with the site selection and development services for utility and community solar projects throughout the southeast.

If you would like to learn about any of our programs or schedule a time to discuss a new FDI project, please give us a call!

Recap of Recent Events and Conferences

2024 Business Facilities LiveXchange

BUSINESS FACILITIES
LIVE XCHANGE **MARCH 17-19, 2024**
WHERE SITE SELECTORS AND ECONOMIC DEVELOPERS CONNECT

OMNI RICHMOND HOTEL, RICHMOND, VA

I had the incredible opportunity to attend the Business Facilities Magazine's LiveXChange event, and I'm thrilled to share my experience! With over 25 municipalities/EDOs and 30 site consultants coming together, it was a powerhouse gathering where innovative ideas and best practices were exchanged.

Kudos to Business Facilities Magazine for orchestrating such a dynamic event, fostering collaboration and driving progress in economic development. It was inspiring to witness firsthand the energy and enthusiasm as leaders from various sectors converged to strategize on new projects and initiatives.

Events like LiveXChange are vital for cultivating partnerships, sparking innovation, and propelling economic growth. Richmond, VA, served as the perfect backdrop for this gathering, offering a vibrant environment conducive to productive discussions and meaningful connections.

A big thank you to Neil Eisenberg and his incredible team at Group C Media. I can't wait to see the exciting projects that emerge from this exceptional effort.

The next Live XChange event will be during November 2024 and be in Hollywood, Florida.

More information about the conference can be found here: [About LiveXchange](#)

Why SelectGlobal

SelectGlobal, LLC provides foreign direct investment (FDI) solutions.

Our mission is to bring together all parties to assemble new ventures, projects, and foreign direct investment to help rebuild and redevelop communities. Our vertically integrated FDI platform helps businesses identify and take advantage of global market opportunities and helps local municipalities attract foreign direct investment.

Our team boasts a wealth of expertise spanning diverse industries, sectors, and regions, enabling us to offer strategic insights, guidance, and effective solutions to our clients. However, our true strength lies in our extensive business and government relationships, not only in the United States, but also across the globe.

Are you ready to unlock the potential of global markets? Let us help you identify global opportunities, enter new markets, and make a positive impact on local economies. Let's work together to build a brighter future for your business and the communities that you'll support.
